Because of its convenient packaging, U-Fruit Zip-Ups are perfect for taking along anywhere. Great for camping and hiking, U-Fruit Zip-Ups also make a healthy and delicious snack to pack in a lunchbox.

Most U-Fruit combinations are only around 130 calories per pouch, which holds 2 servings.

This is surprising because they taste so much like dessert. Each variety has a chewy, sticky texture which stays fresh in its individually-wrapped resealable bag.

The natural sugars found in the fruit work as a preservative, and they have not added anything artificial to extend their shelf life. No chemicals are added during the dehydration process. All of the fruit selected for their mixes are peeled, cored and dried on site.
